Dear Mr. Weil:-

I am directed to inform you of the following action of the Council at their meeting of November 4th, 1918. I am under the impression that I communicated this to you verbally but I regret having neglected formally to do so. The minute reads as follows:-

"It was moved and carried that no medal issued in the name of the Society shall bear the imprint of the manufacturer; and the signature of the sculptor shall be confined to a monogram or initials, the size and location of which shall be specifically approved by the Committee on Publication of Medals."

You will see that I have no discretion in this matter.

You will also recall, I am sure, that we propose to make as complete a photographic record of the different steps in the development of this Peace Medal as is possible. Will you therefore take steps to have photographs made showing different stages of the design, the reducing machine at work and anything else that will help an ignorant public to decrease its ignorance with regard to the medallic process. I am asking Mr. Beach to carefully preserve his parafine reduction and any sketches he may have made. Do you think we might better prepare a hub for this Peace Medal? What would be the cost? What is your advice?

Very cordially yours,

Secretary.

Dear Mr. Veil:

You will recall that when I was in your office yesterday, I spoke about the silver medals, (3 in number) for Dr. Kuntz, which were to be left unfinished. These arrived alright, but owing to the fact that they were not distinguished from the others, and were not consecutively numbered, and also were not among the ten medals which had been assigned to Dr. Kuntz, they went to other members.

In consequence, I must ask that you have two of the medals which you will begin work upon next Monday (Nos. 68 and 69), also left unfinished, and kindly have these separated in some way from the others when you send them up. If you will kindly telephone me, as I suggested on Monday, when you are ready to begin upon these, I will give you the number ordered up to that time.

Very truly yours,

Secretary.

Dear Mr. Weil:-

In talking with Mr. Wood about the medal in some metal other than that which is used for any other copy, to be presented to the British Numismatic Society, he feels that it would be well for you to proceed with a pure copper flan. We should be glad to have you endeavor to give this a distinctive finish. If you care to experiment with patination or any other form of finishing, such as would give a pleasing surface for the result, we should appreciate your efforts in this direction. Kindly keep an estimate of the cost of this copy separate from the others. Also let us know, please, the time you will require for filling our initial order - probably fifty in silver and seventy-five in bronze.

Dear Sirs:-

The subscription for the Prince of Wales medal closed on the last day of January. I have orders on hand for three silver medals (Nos. 143 - 145) and five bronze copies (Nos. 210 - 214 inc.). So this order should be filled with must as soon as your convenience desired to have ready for presentation to Army officers in Washington, in accordance with our conversation when he called.

Regarding the Salter Award medal, Mr. Salter informs me that the work on this is proceeding. If possible, we should like to have our silver medal by April 1st.

Dear Sir:

Replying to your letter of the 3rd inst wish to advise that we have just received one side of mould for the Saltus Medal and we are proceeding with the work but do not think there will be a possible chance to complete by April 1st. We will have to reduce the large models to a suitable size then make plaster casts of those and Mr. Weinman is to retouch the latter. This all involves a great amount of time as you no doubt are aware.

We understand that you want three additional Prince of Wales medals in silver and five in bronze which order we will execute with the least possible delay. Agreeable to our conversation with you we will make up such additional medals as we will require for our own purpose. We shall be glad to number these also, if that is your wish.

We are enclosing herewith our voucher in payment of dues for Mr. Trees' membership to the Society and will send to you shortly a list of army officers to whom we propose presenting the Prince of Wales and King Albert Medals. We will at all times give your work our best attention and wish to assure you of our best efforts to give you the deliveries desired.

Dear Sir:

The following is a list of officers to whom I recently presented the Prince of Wales Medal and whom I believe could be approached relative to becoming members of the Society.

Major General H. L. Rogers, QMC,
Munitions Building,
Washington, D. C. (Quartermaster General)

Colonel W. S. Wood, QMC,
Munitions Building,
Washington, D. C. (Director of Purchase)

Colonel J. R. R. Hannay, QMC,

Colonel Alvin K Baskette, QMC,
Munitions Building,
Washington, D. C. (Contracting Officer)

Colonel Robt A. Wiley, General Staff,
War, State & Navy Building,
Washington, D. C. (Member Committee of Design for Victory Medal)

If it is your desire you may use my name in any way you wish in connection with the possibility of these people becoming members. In fact I should be glad to cooperate with you in any way that I can. I no doubt will come in contact with these people from time to time when in washington on Government business.

In connection with telephone conversation relative to King Albert Medals I will hold these extra medals we have had made up until you advise relative to the forthcoming action of the Council on their being used by us. I shall be glad to use them for whatever benefit they may be to the Society if such is thought best. We are mailing you today a bill for the Prince of Wales medal for which we subscribed and will be glad to receive your bill in return.

Attention of Mr. Trees.

Dear Mr. Trees:-

Thank you for your letter of the 19th giving the names of the officers who you think might be inclined to accept invitation to associate themselves with our Society. Col. Riley has been here a number of times, and we have helped him very considerably.

I note what you say regarding the King Albert medals, and while I think there will be no chance in the situation the course you have outlined - waiting until after the meeting of the Council, about April 2nd, is the one to be followed. I will write you again at that time.

Regarding the bill for the Prince of Wales medals, after thinking the matter over it seems advisable to me that we should pay your bill, and then render you a bill at the rate of five dollars per each of the medals. The result of course is the same. I should like to have one additional medal in bronze to cover an order that has come to me from the Philippine Islands, and which we expect my nephew at this time will carry out. You get the last lot to complete the number for this medal. There is no immediate hurry about this. I am hoping that you will have one extra one which you can finish or refinish and let us have.

Again thanking you for the list and for your willingness to co-operate in any way that is possible, I am,

September 11, 1920.

Mr. Sydney P. Noe, Secy,
American Numismatic Society,

New York City.

Dear Mr. Noe:-

We are enclosing herewith duplicate of our voucher #32035, mailed to you on March 26th, and evidently lost in your office or in the mails. We are glad to give you this duplicate although, of course, you understand that in case the original is ever presented for payment, the Society will reimburse us for the loss.

We are also enclosing the list of dies and medals produced by this company during 1918, 1919 and so far 1920, which you requested us to send to you some time ago. Any use you may wish to put these to will be entirely agreeable to us and, of course, any benefit derived by the company directly will be greatly appreciated.

We are wondering if this is not an opportune time to call to your attention the seeming lack of mention of our company in recent issues of the "Numismatist", where certain medals were described, in connection with the production of which we had a part. This has happened two or three times recently and, of course, we are always proud to have reference made to our company in your magazine and believe that it is your desire to have this done wherever it is legitimate to do so.

In the September issue, in the article written by Mr. Merritt relative to the Distinguished Service Cross and Distinguished Service Medal recently issued by the U. S. Navy, we would be very pleased indeed if you would say that all the reductions, preliminary work in connection with the sculptor, as well as the cutting of the dies and the striking of the first standard samples, were done by this company.

A correction, or rather an addition of this kind always tends to encourage us to continue the co-operation and assistance that we give or intend to give to everyone interested in keeping the art of the medal to its proper high artistic plane.

We will be glad indeed to have you advise us about what date the "Numismatist" goes to press, that we may give you the

medals that we have made during the month, so that the proper description can appear therein.

If this is your desire, will be pleased indeed to receive this advice. Thanking you, we are

Attention - Mr. C. C. Trees

Dear Mr. Trees:

Thank you for your letter of September 11th enclosing duplicate of your number [illegible] to replace the one lost. If the original should appear we will, of course, protect you.

Thank you, also, for your list of the medals published by you between 1918 and 1919. I am very glad indeed to have this because it gives me data which I would not be without.

I agree with you about the lack of mention of the name of your Company in connection with the medal issues described in the 'Numismatist'. Mr. Merritt writes independently, but if an opportunity occurs I will call to his attention the desirability of remedying such omissions.

The Numismatist goes to press about the fifteenth of each month, and if you can place in my hands information regarding forthcoming medals, I shall be very glad to forward it. Personally, I am only too pleased to make an effort for the advancement of this branch of numismatics, and I think it is one in which a great many of our members have an interest which does not attach to articles connected more strictly with coins.

With renewed appreciation of the cordial relationship existing between your firm and our Society, I beg to remain

REDUCTIONS AND ENLARGEMENTS FROM SCULPTORS MODELS OF STATUARY AND BAS RELIEFS.

October 5th, 1920.

Mr. Sydney P. Noe, Sec'y,
American Numasmatic Society,
156th Street & Broadway,
New York City.

My dear Mr. Noe:-

In connection with the 'phone conversation I have just had with you, wish to advise that we are desirous of securing the authority from the American Numasmatic Society for the use of the photographs of the medals that we make for the Society from time to time, these photographs to be used as enclosures with our letters that are sent out from time to time.

The form in which they will be used will probably be on a slip of paper, say 3 x 6 inches, on which will be shown the obverse, reverse and just one or two lines of descriptive matter, giving the name of the sculptor, and will be glad to state that these were issued by the American Numismatic Society.

We expect to follow this plan, not only with medals which we may make for the Society, but for any medals which we may make for the various sculptors for whom we work. From time to time in the past, we have been authorized by various artists to use photographs of medals made by them on our letter-heads, but we havw decided to discontinue this practice and use the enclosures in our letters instead.

The sculptors seem very glad for us to use their medals in this way and seem to be of the opinion that it aids and enhances interest in their work, and, as we can see no possible injury to come to the Society through such use, it is our sincere hope that you will be able to issue this authority to us.

Thanking you for your early consideration and reply, we are

Very truly yours,

MT Trees
D.H.

Attention - Mr. C. C. Trees

Dear Mr. Trees:

Referring to your request for permission to use cuts of medals which you have made for the American Numismatic Society on circulars to be enclosed with your correspondence, I beg to advise that your request was referred to our Council.

At the Council's meeting yesterday, this permission was granted provided an agreement is signed by the Medallic Art Company to the effect that the use will be discontinued should the Council at any time exercise its right to withdraw the permission given.

As you will see, the above provides for a contingency which I believe to be very remote. As a matter of record, however, will you kindly send such a letter for our file.

Very respectfully yours,

Secretary

October 12th, 1920.

Mr. Sydney P. Noe, Sec'y,
American Numismatic Society,
Broadway & 156th Street,
New York City.

Dear Mr. Noe:-

We are in receipt of your letter of October 9th and wish to thank you for your kind services in securing authority from the Society for us to use cuts of their medals in our business.

We wish to place ourselves on file with you to the effect that we understand that this privilege is only given with the understanding that the Society may cancel it at any time it sees fit and you can rest assured that we will immediately follow any request of the Society in this connection.

If we may use some of the cuts themselves that the Society already has for our purpose, we, of course, would greatly appreciate it. However, if this is not deemed advisable by the Society, of course we will have cuts of our own made from your photos.

Very truly yours,

Attention - Mr. C. C. Trees

Dear Sir:

Thank you for your letter of January 5th and the good New Year wishes, as well as for the list of medals issued during the past year.

With regard to the folders and slips which you enclose, I think they show up very well indeed.

I notice that the leaflet for the Prince of Wales and King and Queen of Belgium medals have no mention of the American Numismatic Society. Perhaps the best way of remedying this might be a small print line at the bottom "Sponsored by permission of the American Numismatic Society".

Attention Mr. de La Vergne

Dear Mr. Trees:

Did you make a working drawing size for the display cases in which you show your medals in your office? They seem to meet your purpose admirably. We have an enquiry from Bowdoin College, and I am wondering, if you have such a working drawing of your cabinets and could give me the approximate cost, whether you would permit me to send them on to the College for a time.

I hope you will not feel that I am presuming to suggest this, but I believe cases such as you have would meet what the letter from Bowdoin College describes.

Dear Mr. Noe:-

We are making quite an unusual medal for the Silk Association of America, to be extensively used in connection with their Silk Week, which is a campaign following the recent Silk Show in the Grand Central Palace.

Mr. P. B. Littlehale, of the Littlehale Advertising Agency, 949 Broadway, who is Chairman of the committee having charge of Silk Week, is very much interested in numismatics and I think there is but little question as to securing a new member of the society if you will just address a note to Mr. Littlehale, enclosing a membership card.

Mr. Littlehale would make, I believe, a valuable member.

Gentlemen:

Permit me to express on the part of the Staff and also on behalf of our members, our cordial appreciation of the courtesy shown us last Saturday at your establishment. I am sure that all of those who were present profited very much by their visit, and are much better informed as to the way in which a metal is made than they could have become in any other manner.

One of those present, in writing me since then, has requested me to say that he thought your invitation was very generous and your entertainment most gratifying. He further said that if everyone there enjoyed it as much as he and his companion, he was sure that you would feel well repaid for the trouble our visit must have caused you.

You have, you will therefore see, added another to the many courtesies that we have received from you firm, and I beg that you will accept my personal thanks for this and for those which have preceded it.

Attention of Mr. C. C. Trees.

Dear Mr. Trees:-

In checking up our accounts, we find that we have ordered the following Foch Medals:-

94	Silver @ $6.50	$611.00	
206	Bronze @ $2.50	515.00	
1	Copper @ $3.50 (Unnumbered) . .	3.50	$1,129.50

We have to date paid for the following:-

88	Silver @ $6.50	$572.00	
191	Bronze @ $2.50	477.50	
1	Copper @ $3.50 (Unnumbered) . .	3.50	$1,053.00

And we are holding bills for the following:-

5	Silver @ $6.50	$ 32.50	
16	Bronze @ $2.50	40.00	72.50

Therefore, we find that we have not received your bill for 1 silver copy, No. 94, and have, through some error, been overcharged for 1 bronze copy, which we presume is No. 2, which was included in your first

bill paid December 29th, and for which a separate bill was rendered us and paid January 4th, 1922.

We, of course, understand we are to be credited for the last copy "99 Bronze, sent to Miss Farrington, as per your invoice of February 27th, 1922.

Please let us hear from you when you have checked this up.

Attention of Mr. C. C. Trees.

Dear Mr. Trees:-

As you will see from the accompanying bills you have made an error in the charge for silver medals. Your quotation of February 10th was at the rate of $4.75, and that is the price charged on ore of these bills. Kindly have the others corrected accordingly.

I have just been informed by Mr. Paul M. Herzog, of 41 West 58th Street, New York, to whom Silver Chante Medal No. 48 was allotted, that he received the box without the medal. Will you kindly take this up with the Post Office authorities, and in the meantime send him No. 19, which is among the lot you are holding for us. I am enclosing the label herewith.

Each Medal, No. 99, which was lost in the mails was returned to us by the Post Office authorities, and we desire you to send us a bill for $2.64, the amount we deducted from our payment of April 4th as the cost of this medal.

Very truly yours,

Dear Mr. Trees:

I am sending you, herewith, labels for the Choate medals which have been ordered since the previous set of labels were delivered to you. Will you please consider this a formal addition to our former order for twenty-five (25) silver medals and one hundred (100) bronze medals. This makes the total number ordered 75 silver and 200 bronze.

Attention of Mr. C. C. Trees:-

Dear Mr. Trees,

As per telephone conversation, I am enclosing herewith labels to cover 5 silver and 15 bronze medals recently awarded. These are to be numbered from 78 to 82 in silver, and 203 to 217 in bronze.

You are at present holding for us 5 silver (Nos. 6 to 10 inclusive) and 3 bronze (Nos 16, 17 and 18). We will send instructions regarding these a little later.

To date we have paid for 76 silver and 198 bronze copies of the Choate Medal.

Very truly yours,

Secretary.

May 20th, 1922.

Medallic Art Company,
137 East 29th Street,
New York.

Attention of Mr. Trees.

Dear Mr. Trees:-

I am returning your invoice because I am unable to make either head or tail of it.

I note that we have been billed for, including the medals on this bill No. 4[illegible], 82 silver and 208 bronze. This agrees with the total in your summary.

I note further that we have ordered 86 silver and 214 bronze. The label for #214 accompanies this.

The only way we have of checking against your bills is to obtain the total number of medals for which bills have been received, and because bill No. 4[illegible] covers "medals delivered and shipped to date", I do not see that it checks because silver medals #80 to #85 are for the Century Association and certainly #80 to #82 have not been delivered nor has a label been sent you for them.

I note what you say about 5 silver and 7 bronze medals being unnumbered, and your invoice No. 4[illegible] does call for 5 of each metal unnumbered and the 2 additional bronze ones, #1 and #2 were unnumbered because they were the first pieces struck and were delivered to Mr. Cass Gilbert before we took hold of the medal issue. I notice when the bill No. 4[illegible] was received that you stated these medals were unnumbered but when they arrived we found that

that was not the case, that the medals were numbered, #1 to #3 for the silver and #3 to #7 for the bronze inclusive.

Your bills as they now stand call for payments for medals through #6 for silver and #9 for bronze. We should therefore receive a bill for 3 additional silver and 2 additional bronze medals according to our way of looking at it.

I trust that this will agree with your records, and if it does you may return the corrected bill for payment.

It seems to me that there would be a great saving of our time if you would have your bill specify the number of the medal for which it calls. That was the original intention of our sending you labels to you numbered as we did.

Yours very truly,

Secretary.

May 22nd 1922

Mr. S. P. Noe, Sec.,
American Numismatic Soc.,
56th St., & Broadway
New York City.

Dear Mr. Noe:-

We have your letter of May 20th relative to our invoice No. 52226. The confusion relative to the billing for the Choate medals ~~is~~ probably arisen owing to our first having received a request from you to deliver five of these medals to you not numbered whereas this request was subsequently changed. This therefore automatically reduces the amount of our final bill refered to to the extent of five each of the bronze and silver medals. We are therefore enclosing a corrected invoice.

This bill is rendered as final bill for all medals ordered and shipped to date excepting the eight silver medals to be numbered from 78 to 85, the thirteen bronze medals to be numbered from 201 to 213 ordered by your letter of May 17th and the one bronze medal to be numbered 214 ordered by your letter of May 20th just received.

Referring to the last paragraph of your letter wish to advise that we have billed the Choate medals just as they have been shipped and it is therefore impossible to put the numbers of the medals on the invoices as they did not run in order and it would have been quite a task to have shown each and every number. We believe that the confusion probably arises owing to the quick delivery that is often times wanted on certain special medals . On the Choate medals you will probably recall having given us numerous telephone instructions to deliver certain medals by messenger within an hour after you received a rush request from some individual member and while we wish to take care of these requests to your entire satisfaction and the very best of our ability such requests do lead to some confusion. We wish to assure you of our very best cooperation with respect to these issues.

Very truly yours,

Dear Sirs:-

We have today received orders for two silver and three bronze medals, the labels for which are enclosed.*

I presume that orders like this will come dribbling in for some time to come. We have no way to anticipate them, to stop them or to tell how many will be received. I would suggest that it might be well for you to strike up these additional medals in silver and fire in bronze, this presumably would take care of such orders for some time.

Kindly telephone me as to how long it will take to supply these orders as we must acknowledge and give some date for their delivery.

Very truly yours,

Secretary.

Dear Sirs:-

I am returning herewith your statement under date of June 1st showing a balance due you of $37.42. According to our records this should be $54.92, and the difference seems is that the credit on your May 1st statement for the remittance of April 5th of $40.58 does not take into consideration that we had deducted as a further credit $0.50 for broens Foch medal #2, for which you had made a double charge - in other words, instead of being a credit for $40.50 this should have been a credit for $50.08, which would make the balance due you as stated above of $54.92. We are sending a copy of the slip for this remittance of April 5th.

My dear Mr. Noe:-

We are in receipt of your letter of June 8th relative to our statement of June 1st and wish to advise that you are entirely correct. This balance should be $54.95 and was shown as $57.45 owing to the fact that we had not credited the double charge for Foch medal No. 2 as outlined in the letter received from Mr. Wood. We are today however making this credit and returning herewith revised statement.

Attention - Mr. Weil

Dear Sirs:

Last year you sent me a list of your recent medals, with the understanding that we write to the artists to secure permission from them to strike up specimens for our Collection.

I wrote you accordingly some of these, and we have since received several copies of them. Among those which we have not received are the ones designed by Miss Whitney, the Grand Rapids Aviation Medal, and Mr. Trowbridge's medal of the University of Ohio.

I am planning to leave on the 15th for an extended trip abroad; but while I am away, there is to be held the exhibition of the National Sculpture Association on our terrace. In connection with this exhibition, there will be placed the medals by American artists. I should, therefore, greatly appreciate it if you could at your convenience send me one or two to two of the more important medals, together with any others which you think ought to be in our Collection.

If there are other artists to whom, do think I would do well to write, please let me know the details.
